KNOWLEDGE MANAGEMENT

WHAT ELSE? WHAT'S MORE? WHAT'S NEXT?

- Нам нужно больше проектов,
больше ответственности!

(Мы же можем!)

- Нам нужно «осознать» и
зафиксировать имеющийся опыт.

(... и познать Дзен)

- Геополитические риски

THUS...

- ❑ Knowledge Management Audit – все области Knowledge Management «посчитаны»
- ❑ Knowledge Management Audit – инструмент для Project Manager'а, позволяющий выявить области для улучшения
- ❑ Knowledge Management Checklist выступает как гайдлайн

A nighttime photograph of a modern, multi-story building with a curved facade and illuminated windows. A large, semi-transparent pink rectangular overlay is centered over the building, containing the text 'THANK YOU!' in white, bold, sans-serif capital letters. The building is lit up, and a car is visible in the foreground parking area. The sky is dark, and some green leaves are visible in the top left corner.

THANK YOU!
